**Subject:** Revised Dates - Administrative Civil Liability Complaint R5-2019-0506 to Original Sixteen to One Mine, Inc

Dear Advisory Team,

On March 29, 2019, the Prosecution Team issued Administrative Civil Liability Complaint (ALCL) R5-2019-0506 to Original Sixteen to One Mine, Inc. (Discharger). The ALCL package that was transmitted to the Discharger included a Hearing Procedure that outlined important deadlines and other requirements. Upon review of the Hearing Procedure, it appears the deadline for rebuttal evidence falls after the agenda deadline and only a week prior to the hearing. Therefore, the Prosecution Team proposes the attached revised Hearing Procedure to ensure all materials submitted by the Parties may be incorporated into the agenda binders and to provide the Central Valley Water Board more time to review the materials.

Thank you,

Kim
